

Noongar Cultural Corner

A monthly article produced in collaboration with local Noongar representatives and Noongar cultural organisations

Art by Charlie Colbung

Charlie Colbung exhibition

Mr Charlie Colbung recently held an exhibition displaying Art work at the Community Resource Centre . It was good to see keen attendance to the exhibition.

Pictured are just some of the works on offer. There were also works on display by local artist Mrs Beryl Dick. The art was very reasonably priced considering the immense talent on display. Great to see lots of sold tickets on art work .Well done to all involved.

Badjaling Launch

Community Vision recently came to Badjaling to launch their brand new Dementia support van. Community Vision supports people with disabilities throughout the community. The new van will be touring Western Australia providing assistance to the community.

It was terrific to see the great work carried out by Community Vision
