

# Peter Smith

My wife Liz, and I, purchased our block at Balkuling in 2001 and took up permanent residence in 2015. We run a beef cattle and hay production enterprise. I also work seasonally for local farming families.

I have a real desire and commitment to working with the community to ensure Quairading remains and expands as a sustainable, thriving community which welcomes and supports its residents and young families.

As a shire councillor I represent Quairading on eight local committees and working groups. I am also an active member and President of the Agricultural Society, Vintage Club, Vice President of the Doodenanning Sporting Club and volunteer with the local bush fire brigade.

I am seeking the support of the electors of Quairading to allow me to continue to represent our community on the shire.
