- (c) All attendees will be required to sign an acknowledgement register of attendance.

1.8 EVALUATION PROCESS

The lowest tender may not be Accepted.

Late Tenders will not be accepted.

The Shire of Quairading reserve their individual rights to Accept or Reject any Portion of this Tender.

This is a Request for Tender (RFT).

Your Tender will be evaluated using information provided in your Tender.

The following evaluation methodology will be used in respect of this Request:

- (a) Tenders are checked for completeness and compliance. Tenders that do not contain all information requested (e.g. completed Signed Offer Form and Attachments) may be excluded from the evaluation process.
- (b) Tenders are assessed against the listed Selection Criteria. Contract costs are evaluated, e.g. tendered prices and other relevant whole of life costs are considered.
- (c) The most suitable Tenderers may be shortlisted. Referees may also be contacted prior to the selection of the successful Tenderer.

1.9 SELECTION CRITERIA

The Contract may be awarded to a sole Tenderer who best demonstrates the ability to provide quality products and/or services at a competitive price. The tendered prices will be assessed together with qualitative and compliance criteria to determine the most advantageous outcome to the Principal.

The Principal reserves the right to determine that the Tender be apportioned to the most suitable Tenderer / Tenderers.

The Principal has adopted a best value for money approach to this Request.

This means that, although price is considered, the Tender containing the lowest price will not necessarily be accepted, nor will the Tender ranked the highest on the qualitative criteria.

A scoring system will be used as part of the assessment of the qualitative criteria. Unless otherwise stated, a Tender that provides all the information requested will be assessed as satisfactory. The extent to which a Tender demonstrates greater satisfaction of each of these criteria will result in a greater score. The aggregate score of each Tender will be used as one of the factors in the final assessment of the qualitative criteria and in the overall assessment of value for money.

1.10 COMPLIANCE CRITERIA

These criteria are detailed within Part 3 of this document and will not be point scored. Each Tender will be assessed on a Yes/No basis as to whether the criterion is satisfactorily met. An assessment of "No" against any criterion may eliminate the Tender from consideration.

1.10.1 QUALITATIVE CRITERIA

In determining the most advantageous Tender, the Evaluation Panel will score each Tenderer against the qualitative criteria as detailed within Part 3 of this document. Each criterion will be weighted to indicate the relative degree of importance that the Principal places on the technical aspects of the goods or services being purchased.

NOTE: It is essential that Tenderers address each qualitative criterion. Information that you provide addressing each qualitative criterion will be point scored by the Evaluation Panel.

Failure to provide the specified information may result in elimination from the tender evaluation process or a low score.

1.10.2 VALUE CONSIDERATIONS

NON WEIGHTED COST CRITERIA

The non-weighted cost method is used where functional considerations such as capacity, quality and adaptability are seen to be crucial to the outcome of the contract. The evaluation panel will make a series of value judgements based on the capability of the Tenderers to complete the Requirements and a number of factors will be considered including:

- (a) the qualitative ranking of each Tenderer; and
- (b) the pricing submitted by each Tenderer.

Once the tenders have been ranked, the evaluation panel will make a value judgement as to the cost affordability, qualitative ranking and risk of each Tender in order to determine the Tender which is most advantageous to the Principal.

The tendered price will be considered along with related factors affecting the total cost to the Principal (e.g. the lifetime operating costs of goods or the Principal's contract management costs may also be considered in assessing the best value for money outcome).

1.11 PRICE BASIS

FIXED PRICES

All prices for services offered under this Request are to be fixed for the term of the Contract. **Tendered prices must include Goods and Services Tax (GST).**

Unless otherwise indicated prices tendered must include all applicable levies, duties, taxes and charges. Any charge not stated in the Tender, as being additional will not be allowed as a charge for any transaction under any resultant Contract.
