## FORWARD FROM THE CEO

Our Corporate Business Plan 2023-2027 has a strong focus on financial sustainability and viability and how these impact on social, economic, environmental and governance outcomes for the community. As a small local government that will continue to grow through the life of this plan and beyond, we want to ensure the decisions made by the Shire today consider the needs of the community into the future.

Our Strategic Community Plan 2021-2031 details the vision and aspirations for the future of our community over the next decade, and the Corporate Business Plan focuses on achieving those objectives by operationalising the strategic initiatives within. Achieving the initiatives will rely on a collective and collaborative approach, as we continue to work with community groups, other local governments, state and federal government agencies, residents, partners and the broader business sector.

Our 'locals first' approach allows us to focus on what the residents of our local area see as the priorities and to plan, commit resources and budget appropriately.

We are embracing technological change to enhance and improve connection, participation and engagement for community and business, and to provide efficient and improved services. As we do so we continue to provide quality in-person and phone service for those customers who need it.

As part of our commitment to making the Shire of Quairading a welcoming place to establish and grow businesses, we are streamlining and improving our approvals processes, while at the same time, continuing to meet legislative and health and safety obligations.

A key objective is to solidify support for local business and stimulate investment, drive economic growth and diversify our economic base. Protecting our key environmental resources is also vital to the Shire's future.

Through the development of our Corporate Business Plan, the Shire has identified key resource capabilities which include an integrated planning and reporting approach to workforce planning, asset management planning and long-term financial planning. Integrated planning provides the Shire with an in-depth understanding of its capacity to resource not only current activities but those planned for the future.

I would like to take this opportunity to congratulate our Elected Members and employees for leading, embracing and making the change we need to succeed in the new and changing paradigm that is local government today. Most importantly, I would like to thank our small, diverse and yet close community for their on-going support, collaboration and contribution to our community's future.

I am pleased to present the Shire of Quairading Corporate Business Plan 2023-2027 (CBP).

**Nicole Gibbs**

CHIEF EXECUTIVE OFFICER, SHIRE OF QUAIRADING

## INTRODUCTION

Council is responsible for the governance and delivery of services that support the community at grassroots (municipal) level. This includes planning and building services, waste management, local laws, emergency management, recreation and community services. However, even more than this, Council has a critical role in determining the social and economic fabric of the community. If Council does not pro-actively seek economic opportunity on behalf of the community, the opportunity will go elsewhere.

In governance terms, local councils are elected by, and accountable to, the people who live and do business within the municipality. As such, the importance of being responsive to the voices in the community is critical to achieving our vision.

The Shire of Quairading Corporate Business Plan 2023-27 (CBP) details how Council will journey towards the community's vision over the next four years, where we will focus our efforts and how we will measure our progress. The document outlines the key activities and service delivery the Shire is planning to undertake to achieve the goals set out in the Strategic Community Plan 2021-2031 (SCP).

The CBP enables the translation of the community's aspirations into real projects and actions. The Plan provides the basis for establishing the Shire's annual plans, programs and budgets, within a four-year timeframe.

As the closest level of government to our residents, we are at the very intersection of state, federal politics and community needs. Seeking bipartisan support from State and Federal Governments to shape and influence allocation of resources on key priority areas across the Shire of Quairading will be a strong focus for us over the next four years and beyond.

The CBP has been developed through dialogue with the community, Elected Members and the Shire's staff to determine the timing and resources required and the key indicators which track our progress. Our achievements are reported each year in the Shire's Annual Report.

### **Western Australia Local Government Integrated Planning & Reporting Framework**

Our planning framework sets out how the Shire of Quairading will strive to achieve the community's aspirations through a cascading hierarchy of long and medium-term plans, resourcing decisions, and a continual process of the development of strategies, monitoring and review.

The suite of documents illustrated in the framework below encapsulate the processes and decisions Council undertakes in the interests of the municipality - with community input - in accordance with the *Local Government Act 2020* and other key legislation.

The CBP is part of the Shire's Integrated Planning and Reporting Framework, which is followed by all Local Governments in Western Australia.

The concept behind the Framework is to ensure Council's decisions consider the community's aspirations and deliver the best results possible with the available resources.

The minimum requirement of the Framework is the establishment of a:

- Strategic Community Plan; and
- Corporate Business Plan.

In accordance with requirements, the Shire has developed the following:

#### **Strategic Community Plan 2021-2031**

The Strategic Community Plan (SCP) sets the vision and direction for the whole Framework – it expresses the community's priorities for the future and shows how the Council and community intend to make progress over a ten-year period.

The SCP was adopted by Council in July 2021, following community consultation.

#### **Corporate Business Plan 2023-2027**

The Corporate Business Plan (CBP) has the critical purpose of providing the detailed plans for implementation and is the key linking document between the Strategic Community Plan, Long-term Financial Plan, Asset Management Plan and the annual plans and budgets.

#### **Review Cycle**

The CBP is a four-year plan, which is required to be reviewed annually, with a comprehensive overall strategic review and update every four years. It is also reviewed alongside the minor strategic review on a more detailed basis than the annual update.

The CBP contains the budgets for the next four years, which mirror the corresponding years within the Shire's Long-Term Financial Plan. The budget for each year of the CPB forms the basis for the respective annual budgets.

The Integrated Planning and Reporting Cycle diagram shows how the plans and review cycles integrate with each other.

### **Our Vision**

“Our Shire is a place of welcome for all, where we work together, with thriving industry creating jobs, a bright future for our young people, and a bustling town in a beautiful and productive rural setting.”

### **Business Philosophy**

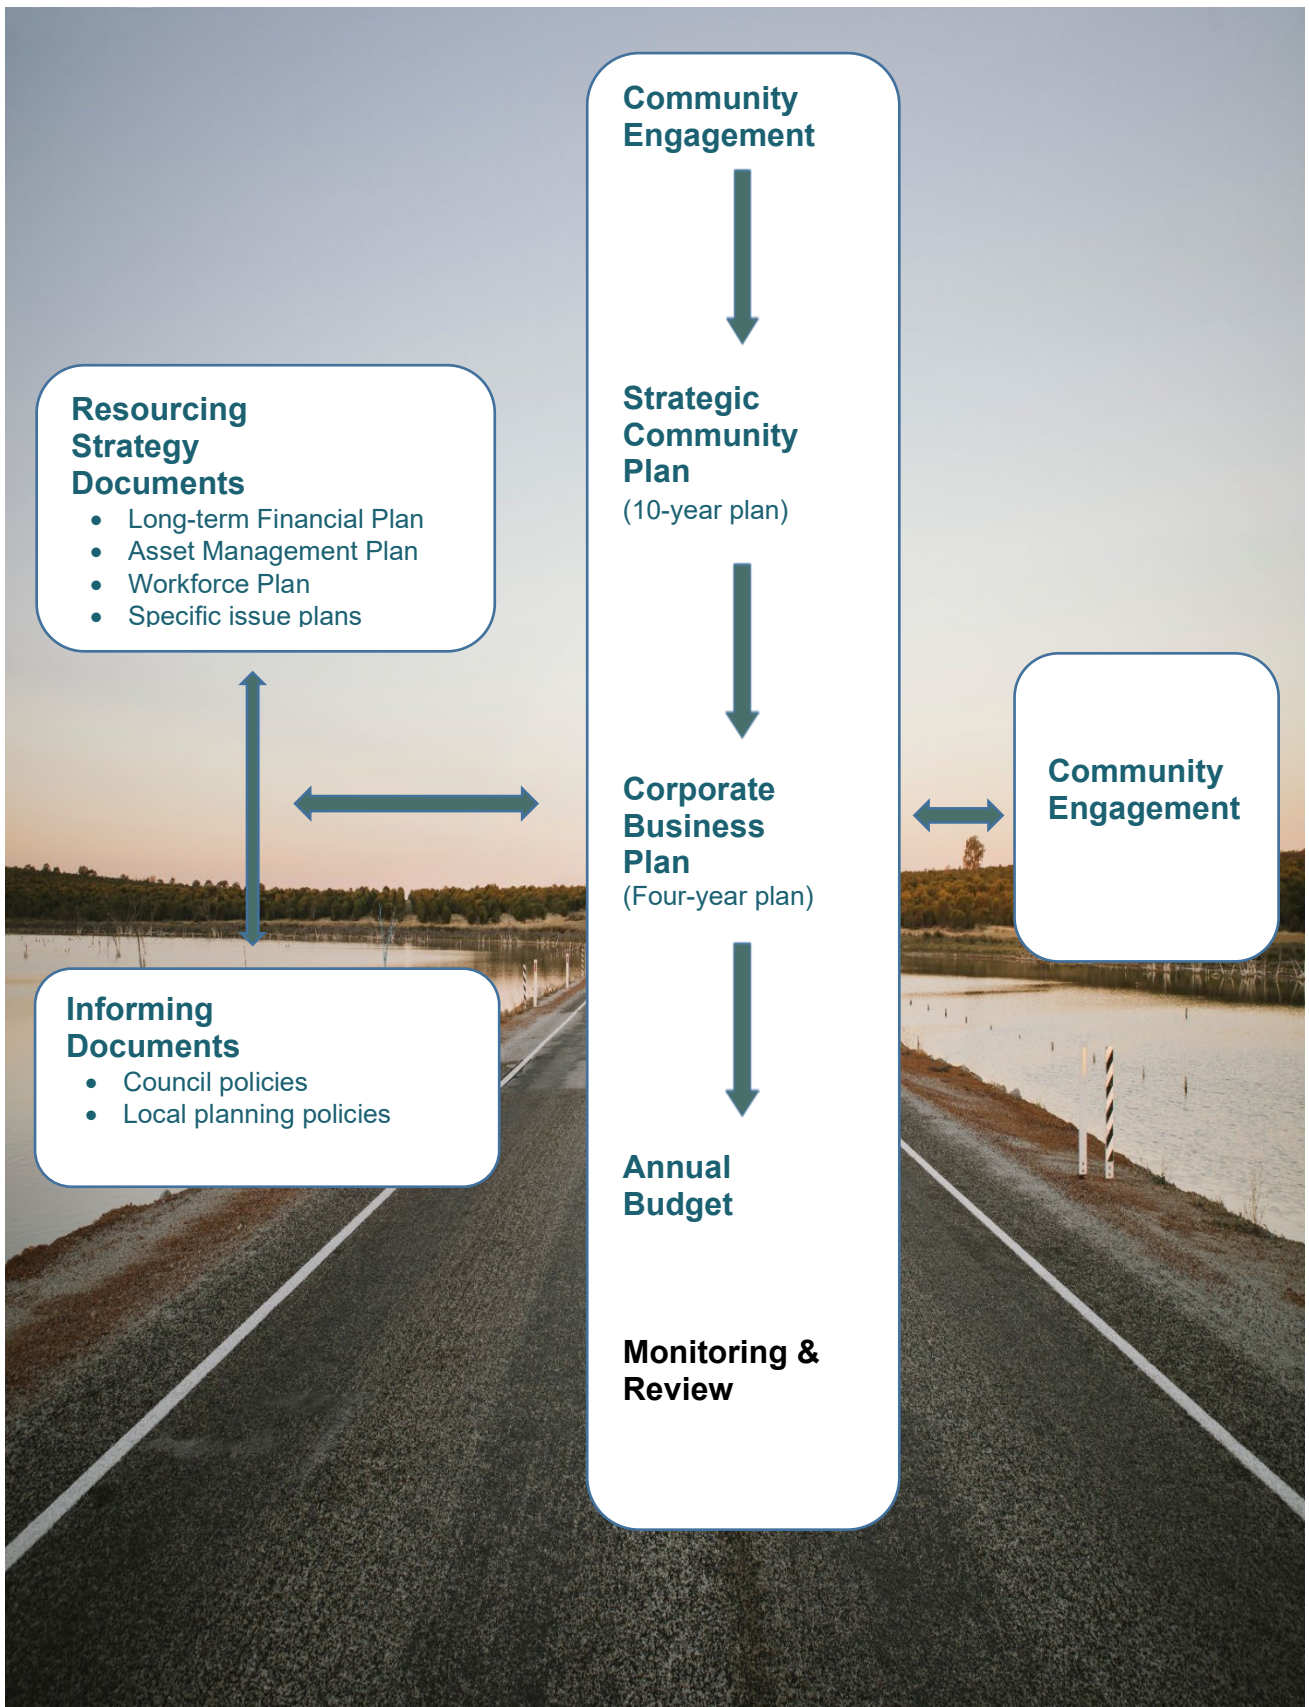

We are committed to making decisions in the interests of both current and future generations.

Our approach will be based on the following ideals:

- Productive relationships with industry, the state government and other local governments to deliver improved cost-effective services
- Meeting the needs of our communities through genuine community consultation, engagement and collaboration
- Embracing the principles of sustainability in our decision making to balance the needs of both current and future generations through environmental protection, social advancement and economic prosperity
- Continued improvement to our services through planning, adaptability and careful management of risks.

### **Locals First**

The Shire strives to serve its local community first and foremost, with Council advocating for preferential treatment in terms of access to quality local services, wherever possible. In the interests of Quairading and the broader region which we are integral to, the Shire will work collaboratively with other local and State Government agencies.

**KEY FACTS**

Area	2,040 km <sup>2</sup>
Population	961 (Source: ABS 2021 Census)

##### Community Development

Working with the Aboriginal Community; Community Liaison and Management; Youth Services

#### Works & Services

##### Technical Services & Works

Works; Design; Traffic/Transport; Waste; Roads; Footpaths; Drainage; Street lighting; Technical Projects; Depot; Fleet

##### Parks & Natural Environment

Parks; Reserves; Precincts; Trees; Landscaping; Natural Environment

##### Asset Management

Asset Management; Building Maintenance; Projects

## CURRENT SERVICES

While the services have been grouped according to their primary focus area, the Shire is mindful that many services contribute to more than one area.

### OUR COMMUNITY

- Swimming Pool
- Community Services
- Welfare Services
- Community Resource Centre
- Town Hall
- Ranger and Community Safety Services
- Emergency Management
- Youth Services (Youth Centre)
- Library

### OUR NEIGHBOURHOODS

- Development Assessments
- Building Assessments
- Strategic Shire Planning Services
- Economic Development
- Roads and Lanes
- Footpaths and Cycle Paths
- Drainage
- Street Furniture (seating, signage, bins, fencing etc.)
- Street Lighting
- Car Parks
- Road Reserves – Street Trees and Landscaping
- Building Management Services
- Infrastructure Design and Assessment Services

### OUR COUNCIL

- Governance Management
- Financial Planning and Reporting
- General Accounting
- Payroll
- Revenue Collection
- Information Technology
- Customer Services
- Corporate Communications
- Organisation Planning and Performance
- Organisation Development and Human Resources Management
- Property Management
- Contract Assurance
- Document Management
- Fleet, Plant and Depot Management
- Asset Management Services
- Grant Applications

### OUR ENVIRONMENT

- Waste Management
- Sustainability Services

### Goals, Strategies, Services & Supporting Activities

The SCP is built around the following five Key Areas and underlying Goals:

- Community
- Economy
- Built Environment
- Natural Environment
- Governance & Leadership

This section of the CBP focuses on these Key Areas and the services and supporting activities that help to achieve the goals and associated strategies of the SCP.

Included under each of the Key Areas are:

- Four-year Priorities aligned to the 10-Year Goals and Strategies from the SCP
- An outline of services delivered to achieve our vision
- Supporting activities that the Shire will undertake to improve services

# COMMUNITY

---

## FOUR-YEAR PRIORITIES

---

- Public open space strategy
  - Local quality medical service
  - Re-develop sporting precinct
  - Consolidate age friendly community response of the Shire
  - Progressively review and revitalise community facilities
- 

## Goals & Strategies

### Goal 1: Provide sporting, social & cultural activities for all members of the community (SCP Strategy 1.1)

#### Strategies

- 1.1 Encourage and support participation in a range of public activities and events where residents can gather and interact. (SCP Strategy 1.2)
- 1.2 Re-develop the sporting precinct. (SCP Strategy 1.2)
- 1.3 Promote our strong community identity and focus our responses on the needs of local residents, businesses and ratepayers. (SCP Strategy 1.1 and SCP Strategy 2.2)

### Goal 2: Quality local parks & open spaces for the community to enjoy (SCP Strategy 3.2)

#### Strategies

- 2.1 Adopt a more strategic and coordinated approach to the planning of our parks and greenspaces recognising their diverse roles and local community preferences. (SCP Strategy 3.2)
- 2.2 Improve the maintenance and provision of amenities in our local parks and open spaces reflecting local values and priorities and the broader regional demand on facilities. (SCP Strategy 3.2)
- 2.3 Establish an off-lead space for dog owners. (SCP Strategy 3.2)
- 2.4 Establish a means of resourcing the new sporting precinct. (SCP Strategy 3.3)

### Goal 3: An active, safe & inclusive community (SCP Strategy 1.2)

#### Strategies

- 3.1 Focus on improving and expanding those places where community groups interact to encourage greater participation. (SCP Strategy 1.2)
- 3.2 Support local volunteer organisations through initiatives that reduce volunteer fatigue and strengthen their resilience. (SCP Strategy 1.4)
- 3.3 Continue to deliver more programs which support local clubs and community groups and their capacity to run their community activities. (SCP Strategy 1.1)

- 3.4 Encourage a range of activities that better align with the diverse needs of ratepayers of all ages, cultures and abilities. (SCP Strategy 1.1)
- 3.5 Act to create and maintain safe, friendly and open environments that residents can access and enjoy. (SCP Strategy 3.1 and SCP Strategy 3.2)
- 3.6 Implement youth services and facilities with regular input from youth and providers. (SCP Strategy 1.1)
- 3.7 Provide newcomers to Quairading with inductions, information and opportunities to engage and get involved. (SCP Strategy 5.1)

**Goal 4: Advocate for the provision of quality health services, health facilities & aged person facilities in the Shire (SCP strategy 1.3)**

**Strategies**

- 4.1 Ensure the provision of a Doctor in the Shire to operate the medical clinic. (SCP Strategy 1.3)
- 4.2 Ensure the Doctor provides a level and quality of service acceptable to the residents. (SCP Strategy 1.3)
- 4.3 Facilitate the establishment of independent living units for the aging population. (SCP Strategy 1.3)

**Goal 5: Support emergency services planning, risk mitigation, response & recovery (SCP strategy 1.5)**

**Strategies**

- 5.1 Promote the importance of, support and facilitate the work of the Community Emergency Services Manager (CESM). (SCP Strategy 1.5)
- 5.2 Promote the importance of, support and facilitate the work of the Bushfire Risk Mitigation Coordinator (BRMC). (SCP Strategy 1.5)
- 5.3 Direct both positions to prioritise legislative compliance. (SCP Strategy 1.5)

**Services & Supporting Activities**

# ECONOMY

---

## FOUR-YEAR PRIORITIES

---

- |  |   |   |
|--|---|---|
| • Enhance continuity and capacity of power | • Strengthen and implement Tourism Strategy                         | • Increase availability of residential housing  |
| • Introduce and develop light industry     | • Be progressive and flexible in assisting small business to thrive | • Increase availability of worker accommodation |
- 

## Goals & Strategies

### Goal 6: Support existing businesses & recruit new industry (SCP Strategy 2.1)

#### Strategies

- 6.1 Sell two of six light industrial area lots that meet the Main Roads conditions. (SCP Strategy 2.3)
- 6.2 Create an alternate opportunity for the remaining four light industrial area lots. (SCP Strategy 2.3)
- 6.3 Ensure new development is harmonious with established business' and respect our existing 'sense of place' and our unique character. (SCP Strategy 2.2 and SCP Strategy 2.3)
- 6.4 Ensure future planning recognises the emerging diverse role, mixed use potential and opportunities of our town and integrates change and growth with the surrounding local area. (SCP Strategy 2.1)
- 6.5 Foster and encourage local business development in the local township that supports our residents and the local and broader community. (SCP Strategy 2.1)
- 6.6 Ensure a high standard of public infrastructure is maintained in and around the Shire. (SCP Strategy 3.3)
- 6.7 Demonstrate progress with stakeholders to facilitate land development, industry and jobs growth. (SCP Strategy 2.3)
- 6.8 Ensure forums are regularly provided to support industry and businesses, including Aboriginal and disability enterprises, in engaging with the community and stakeholders. (SCP Strategy 2.3)
- 6.9 Ensure economic development is supported through engagement with key economic groups. (SCP Strategy 2.3)

### Goal 7: Increase availability of residential & worker accommodation (SCP Strategy 2.3)

#### Strategies

- 7.1 Take a lead role in the development of residential property using a fixed cost-benefit model. (SCP Strategy 2.3)
- 7.2 Be flexible in Development Approvals for residential and worker accommodation. (SCP Strategy 2.3)

- 7.3 Actively seek innovative and cost-effective means of increasing housing stock across the Shire. (SCP Strategy 5.2)
- 7.4 On-sell housing stock where the asset is at end of life-cycle. (SCP Strategy 5.2)

**Goal 8: Build upon our “Take a Closer Look” brand with the development of an internal and external communications strategy focusing on our community, events & facilities to increase our permanent & transient population (SCP Strategy 2.2)**

**Strategies**

- 8.1 Ensure Local businesses capture opportunity through the caravan park and tourism assets and experiences. (SCP Strategy 2.2)
- 8.2 Improve online presence and awareness. (SCP Strategy 2.2)
- 8.3 Ensure visitors receive timely and accurate information about our Shire attractions and services. (SCP Strategy 2.2)
- 8.4 Encourage Council representatives to attend local events and celebrations. (SCP Strategy 2.2)
- 8.5 Ensure the Shire of Quairading is marketed and promoted locally, state-wide and internationally to tourists and investors. (SCP Strategy 2.1)

**Goal 9: Encourage local workforce participation (SCP Strategy 2.4)**

**Strategies**

- 9.1 Foster professional development and advancement for Shire workers who live and work locally. (SCP Strategy 2.4)
- 9.2 Continue to research and implement the skilled migration program. (SCP Strategy 2.1)
- 9.3 Phase out the executive ‘Drive In/Drive Out’ model for Shire workers. (SCP Strategy 2.3 and SCP Strategy 2.4)

**Services & Supporting Activities**

Services & facilities to achieve SCP goals & strategies		Supporting Activities	23/24	24/25	25/26	26/27	Lead Business Area

	Be flexible in the Development Approvals for worker accommodation.					
	Actively seek innovative and cost-effective means of increasing housing stock across the Shire.					
	On-sell housing stock where the asset is at end of life-cycle.					

# BUILT ENVIRONMENT

## FOUR-YEAR PRIORITIES

- Road and footpath infrastructure
- Nature Reserve upgrade
- Sporting facility improvements
- Toapin Weir development
- Community Park
- Cemetery aesthetics
- Main street aesthetics
- Light Industrial Area lots

## Goals & Strategies

### Goal 10: Safe, efficient & well-maintained road & footpath infrastructure (SCP Strategy 3.1)

#### Strategies

- 10.1 Ensure the Asset Management Plan is current and operational. (SCP Strategy 3.3)
- 10.2 Explore opportunities and pilot programmes regarding alternative methods or materials for road and footpath construction, particularly the use of recycled materials. (SCP Strategy 3.1)
- 10.3 Continue to provide training support and plant for staff to maintain road and footpath infrastructure. (SCP Strategy 3.1)

### Goal 11: Parks, gardens & social spaces are safe & encourage active, engaged & healthy lifestyles (SCP Strategy 3.2)

#### Strategy

- 11.1 Encourage the community to self-manage minimising energy consumption, water use, emissions and waste. (SCP Strategy 4.2 and SCP Strategy 4.3)
- 11.2 Support the co-location of sporting clubs to allow for effective resource allocation for recreational spaces. (SCP Strategy 3.3)

### Goal 12: Improvements to building infrastructure including our sport & recreation facilities, residential & service delivery facilities following considered cost-benefit analysis models & venue management plans (SCP Strategy 3.3)

## Services & Supporting Activities

Services & facilities to achieve SCP goals strategies	Supporting Activities	23/24	24/25	25/26	26/27	Lead Business Area

	Source funding for Town Hall carpark.					
Road Reserves – Street Trees and Landscaping	Deliver service commitments (Page 28).	Ongoing				Works & Services
	Increase the visual appeal of our street landscape and verges.					
	Investigate the development of an off-leash dog park.					

# NATURAL ENVIRONMENT

---

## FOUR-YEAR PRIORITIES

---

- Enhance, protect and conserve bushland
  - Manage the life-cycle of our waste facility
  - Enhance, protect and conserve the quality and quantity of our water
  - Stop power outages
- 

## Goals & Strategies

### Goal 13: Conservation of our natural environment (SCP Strategy 4.2)

#### Strategies

- 13.1 Manage our bushland areas and reserves to enhance and protect conservation values and protect our native animals and plant species. (SCP Strategy 4.2)
- 13.2 Improve energy efficiency. (SCP Strategy 4.3)
- 13.3 Minimise waste to landfill and increase recycling. (SCP Strategy 4.3)
- 13.4 Manage the life cycle of our waste facility. (SCP Strategy 3.3 and SCP Strategy 4.1)
- 13.5 Promote our environmental assets and opportunities and recognise the impacts of climate change in our strategies. (SCP Strategy 2.2)
- 13.6 Encourage the community to self-manage minimising energy consumption, water use, emissions and waste. (SCP Strategy 4.3)
- 13.7 Ensure traditional owners, key stakeholders, and the community are informed and actively involved in the protection and enhancement of the natural environment. (SCP Strategy 1.1 and SCP Strategy 4.2)
- 13.8 Engagement with community on urban renewal and greening initiatives is enhanced. (SCP Strategy 1.1 and SCP Strategy 2.1)

### Goal 14: Demonstrate sustainable practices of water, energy & waste management (SCP Strategy 4.3)

#### Strategies

- 14.1 Optimise our use of ground water and improve the efficiency of our clean water consumption. **(SCP Strategy 4.3)**
- 14.2 Advocate for power continuity and strength. (SCP Strategy 2.1)

### Goal 15: Maintain a high standard of environmental health services (SCP Strategy 4.1)

#### Strategies

- 15.1 Outsource service for a more comprehensive and cost-effective model. (SCP Strategy 4.1 and SCP Strategy 5.2)
- 15.2 Continue business as usual. (SCP Strategy 5.3 and SCP Strategy 5.4)

## Services & Supporting Activities

Services & facilities to achieve SCP goals & strategies		Supporting Activities	23/24	24/25	25/26	26/27	Lead Business Area
Waste Management	Deliver service commitments.	Ongoing				Works & Services	
	Adaptable collection service to ensure efficient and effective waste management by apartments.						
Sustainability Services	Deliver service commitments.	Ongoing				Economic Development	
	Develop a Sustainability Strategy.						
	Scenario planning for reduced water allocation.						
	Commit to the Waterwise Council Program.						
	Develop a Natural Areas Strategy for our bushland.						
Upgrade and maintenance of nature reserves	Upgrade signage and furniture infrastructure					Works & Services	

# GOVERNANCE & LEADERSHIP

---

## FOUR-YEAR PRIORITIES

---

- Introduction of software to increase transparency, accountability, accuracy and efficiency
  - Benchmarking our performance as a local government
- 

## Goals & Strategies

### Goal 16: Shire communication is consistent, engaging & responsive (SCP Strategy 5.1)

#### Strategies

- 16.1 Ensure annual Comprehensive Community Perception Survey is fed into a Continuous Quality Improvement system and feedback actioned within an efficient timeframe. 360-degree communication methodology for all feedback. (SCP Strategy 5.1)
- 16.2 Ensure the community is informed and consulted on a regular and frequent basis through multiple electronic and hard copy forms of messaging. (SCP Strategy 2.2 and SCP Strategy 5.1)

### Goal 17: Forward planning & implementation of plans to determine service levels (SCP Strategy 5.2)

#### Strategies

- 17.1 Monitor performance against targets – Strategic Community Plan and Corporate Business Plans goals. (SCP Strategy 5.2 and SCP Strategy 5.3)
- 17.2 Adhere to the Asset Management Plan and Long-Term Financial Plan. (SCP Strategy 5.2 and SCP Strategy 5.3)
- 17.3 Collaborate and plan with key stakeholders, including regulatory and funding bodies. (SCP Strategy 1.1 and SCP Strategy 2.1 and SCP Strategy 2.3)
- 17.4 Continue local community engagement and consultation. (SCP Strategy 1.1 and SCP Strategy 2.3)

### Goal 18: Provide informed & transparent decision making that, meets our legal obligations & the needs of our diverse community (SCP Strategy 5.3)

#### Strategies

- 18.1 Monitor performance against targets – Strategic Community Plan and Corporate Business Plans goals. (SCP Strategy 5.3)
- 18.2 Understand the needs of our diverse community through identification, consultation and action. (SCP Strategy 5.2)

## Goal 19: Implement systems & processes that meet legislative & audit obligations (SCP Strategy 5.4)

### Strategies

- 19.1 Conduct external audits and reviews to confirm compliance with relevant legislation. (SCP Strategy 5.4)
- 19.2 Ensure the organisation is not breached for non-compliance against any law. (SCP Strategy 5.4)
- 19.3 Ensure the community considers our systems and processes to be easy to navigate, fair and transparent. (SCP Strategy 5.3)
- 19.4 Ensure audits are non-onerous because all relevant information is readily available and easy to access. (SCP Strategy 5.4)
- 19.5 Introduce Altus Payroll and Altus Content to improve the accuracy, reliability, security and easy access of organisational information. (SCP Strategy 5.4)

Services & facilities to achieve SCP goals & strategies		Supporting Activities	23/24	24/25	25/26	26/27	Lead Business Area
Governance Management	Deliver service commitments.		Ongoing				Office of the CEO
	Provide professional development opportunities and a knowledge base for Elected Members.						
	Continually review and enhance systems of governance.						
	Implement the risk management framework and associated systems.

## BUSINESS AREAS

This section shows the Shire's roles and details the services its Business Areas will deliver over the coming four years.

### Shire Roles

Local governments operate under statute but also with some discretion. The primary roles of the Shire of Quairading are outlined below.

#### SERVICE DELIVERY

This includes services like parks and gardens, libraries, roads, footpaths, drainage, recreation facilities, and events, which are delivered first and foremost for our local community. Many of our facilities and services are also highly valued by visitors. Maintenance and renewal of the assets that underpin many of the Council's services is a vital part of Council's service delivery role. In some cases, the Shire may contract out services to obtain the most cost-effective service for the community.

#### REGULATION

Local governments have specific regulatory responsibilities that are vital for community wellbeing. For example, we regulate and enforce aspects of public health (e.g. monitoring food premises), the safety of new buildings, and the use of land. These areas are regulated because they have the potential to impose costs or adverse effects on others (e.g. food poisoning, injuries or hazardous activities too close to residents). In many cases the rights of those wishing to operate and the rights of those who may be affected or consider themselves to be affected is a delicate balancing act. That is why local democracy is involved in deciding such matters.

#### LEADERSHIP AND FACILITATION

The Council has a role as civic leader in the community. With strong leadership and working with residents and the business community, the Council can achieve more than it could by working in isolation. This also reflects the Council's strong "local's first" philosophy. Working together is more likely to ensure the community's needs are understood and met.

#### ADVOCACY

This role involves influencing the decisions of others who can contribute to positive outcomes for the community and includes advocacy to state government for funding or other support.

## SERVICE DELIVERY

The Shire of Quairading is divided into thirteen business areas, each of which fits under only three Directorates.

The business areas are:

### Business Areas

- Governance and Legal
- People & Culture
- Finance
- Corporate Business
- Community Services
- Statutory Planning
- Strategic Planning
- Regulatory Services
- Asset Management
- Technical Services and Works
- Grounds & Gardens.

### Business Area Plans

Business Area Plans will be developed for each Business Area, incorporating the Shire's main services and sub-services. They are an important component of the Shire's integrated planning approach, with each Plan to highlight strategies, projects, service delivery, priorities, costs and capacity.

The purpose of Business Area Plans is to ensure:

- We have a primary source of reliable information on the services we deliver; how they fit with our strategic direction; to what service levels; and with what future intentions
- Planning, delivery and performance management for services is robust and clear
- Real choices can be identified (e.g. service level options with different benefit/cost implications);
- The efficiency and effectiveness of services, service delivery methods and funding policy options can be tested
- Services and associated cost attribution can be readily reconfigured as required.

The Business Area Plans consolidate the services and sub-services of each Business Area and include the following:

- Our priorities over the next four years
- Any projected changes to service levels and/or scope, including any associated resource and budget implications
- Identifiable risks and how they will be managed
- Service performance management.

## SERVICE DELIVERY BY BUSINESS AREA

Addition of dog park.  Plant more trees.

## RESOURCING

The Shire of Quairading will ensure that the Long-Term Financial Plan reflects responsible management of the Shires finances and assets. Budgets will be set that balance the community's aspiration with affordability. Adequate provision will be made for the asset maintenance and renewal and the Shire will continuously strive for operations efficiency within a strong focus on value for money.

## ISSUE SPECIFIC INFORMING STRATEGIES

The Corporate Business planning process links together the key strategies, projects and actions of the Asset Management Plan; Information, Communications and Technology Plan; the Workforce Plan; and the Financial Plan. The integration helps determine the priorities for each year and allocates the resources, both human and financial, to the associated actions. The informing plans themselves contain further information with respect to actions and tasks, service levels, costs and performance indicators.

## STRATEGIC RISK MANAGEMENT

Council has recently reviewed its strategic risks and the associated strategies to risk manage, mitigate and eliminate these risks. These risk strategies are embedded in all aspects of the Corporate Business Plan (i.e. all are prominent in all bodies of work).

## MEASURE OF SUCCESS

Item	Source	Measures
Economic Development		<ul style="list-style-type: none"> <li>Residential housing stock meets need.</li> <li>Worker accommodation stock meets need.</li> <li>At least one light industry venture is established.</li> <li>A Virtual Power Plant is installed.</li> <li>A residential doctor is secured.</li> </ul>
